The A.C.E. Program is ...

A Program that provides students from varying grade levels and backgrounds the opportunity to join together and make new friends in an atmosphere that promotes acceptance, learning, enrichment, and camaraderie.

Why offer after school clubs to students at Beckwith Middle School?

Children in middle grades are the most vulnerable to feelings of social isolation. Even with the support of character education programming and the guidance provided by caring parents, teachers, and school staff on a daily basis, it is sometimes difficult for middle-grade students to establish friendships. It is our hope that by providing these opportunities for positive social interaction through mutual interest, our students will be empowered to form affirmative, healthy friendships and share their enjoyment of a chosen activity.

Activity clubs are advised by teachers who are committed to providing quality programs to our young students.

Program Specifics

- * The one-time fee for participation is \$75.00. This permits participation in all programs that space allows. Programs must have a minimum number of participants to run.
- * All clubs meet at the Beckwith Middle School
- * Club meeting days vary. Please note the dates the activities are offered.
- * Students will not be excluded for financial reasons. Please contact Mr. Pirraglia if your family has financial considerations that might prevent your child from participating.
- * Class size is limited to facilitate instruction in some classes.
- * Enrollment will be based on a first come first serve basis when students turn in their registration forms to the coordinator.
- * All Students must have a ride home promptly at 4:00p.m.
